

Models

Colour Temperature		Ref:
	Cool White 6000K - 6500K	64923-126919
	Daylight 4000K	64923-126923

Technical Details

Power	18 W
Tension	220-240V AC
Frequency	50-60 Hz
Electric Insulation Class	I
Adjustable	No
Light Source	EPISTAR SMD2835
LED number	90
Brightness	1476 lm
Type of Lens	Frost
Use	Indoor, Outdoor
IP Protection	IP65
IK Protection	IK04

Material	Pc
Installation	Surface
High	600 mm
Wide	66 mm
Lenght	58 mm
Useful life	50,000 Hours
Selectable Opening Angle	120
Tube Length	60 cm
Light color	Cool White, Daylight
Color Temperature	6000K - 6500K, 4000K
Energy Efficiency 2023 (EU-2019/2015)	F

Description

The 60cm 18W LED Slim Tri-Proof Light is perfect as a replacement for a conventional 40W fluorescent tube, which allows for 50% savings compared to the conventional luminaire.

Features of 60cm 18W IP65 LED Slim Tri-Proof Light

The LEDs use SMD2835 technology and along with its 0.95 power factor driver achieves superb luminous efficiency. It is distributed over an opening angle of 120°. Both the housing and the cover of the **Slim Tri-Proof Light are made of polycarbonate, which is a robust material that can withstand high levels of water, dust and corrosion**. All this is summarized in the IP65 and IK04 protection index.

Applications of 60cm 18W IP65 LED Slim Tri-Proof Light

The design and characteristics of this Tri-Proof Light make it the **perfect solution for the lighting of large and diverse interior spaces, such as factories, warehouses, parking lots, tunnels, terraces...** as well as places where there is humidity.
