Colour Temperature	Ref:
 Warm White 3000K	5016-11400
 Cool White 4000K	5016-11401
 Daylight 6500K	5016-11402

Technical Details

Power:	36 W
Voltage:	220-240V AC
Intensity Level:	0.44 A
Dimmable:	TRIAC
CRI:	85
Lumens:	3350 lm
Energy Efficiency 2021 (UE-1369/2017):	A
Energy Efficiency 2023 (UE-2019/2015):	F

Beam Angle:	360°
Use:	Indoor
IP Protection:	IP20
Working Temperature:	-20°C ~ +45°C
Life Span:	15,000 Hours
Warranty:	3 Years
Certifications:	CE & RoHS, UKCA
Brand:	PHILIPS

Description

This pack contains 10x 36W 120cm Fluorescent T8 Tubes with Double-Sided Power.

These 36W 1200mm Fluorescent T8 Tubes with Double-Sided Power allow us to maintain fluorescent technology in our luminaires with a boost in quality that only a prestigious brand like Philips can provide.

Also known as triphosphor tubes, these are widely used in kitchens, commercial centres and in any domestic or commercial space. These are areas that require that lights be left on during long periods of time.

These are made from high quality materials, use efficient phosphorous that provide 10% savings when compared with older fluorescent tubes. **The installation requires an external feeding that provides voltage until the lights start-up.**

These Philips tubes also feature a translucent finish that minimizes glare and improves visual comfort.
