## ***Ambience***

## ***Description***

**This 6W Arca LED Wall Light (IP65) is, without a doubt, a highly decorative and versatile element** that can adapt to any style. This Wall Light consumes 6W in total.

**It has a high quality PC finish and an IP65 Protection factor, protecting the unit from dust and water.** Therefore, we can install this 6W Arca LED Wall Light (IP65) in a large quantity of spaces, like balconies, facades, gardens and passing areas. It can be fitted to any type of surface by being screwed to the wall. As a way of maintaining the unit's IP65 Protection factor, clients must make sure that the product components are correctly installed and mounted.

Providing a modern touch to our lighting has never been so easy thanks to our range of outdoor Wall lights and fittings, available here at LEDKIA.
