## Technical Details

<b>Voltage:</b>	220-240V AC
<b>Multi-Voltage:</b>	100-240V AC
<b>Frequency:</b>	50-60 Hz
<b>Screw:</b>	E27
<b>Beam Angle:</b>	360°
<b>Use:</b>	Indoor
<b>IP Protection:</b>	IP20
<b>Material:</b>	PCB

<b>Size:</b>	Ø55,5x116,5 mm
<b>Height:</b>	116,5 mm
<b>Diameter:</b>	Ø55,5 mm
<b>Detector:</b>	PIR
<b>Detection Distance:</b>	6 m
<b>Warranty:</b>	3 Years
<b>Certifications:</b>	CE & RoHS, UKCA

## Description

This **PIR Motion Detector with an E27 base for E27 lamps** is ideal for installations at a height between 2 and 3.5 metres.

**The detector senses invisible infrared emissions coming from people and other heat sources without emitting any radiation, activating when a heat source is located in front of the sensor (Detection distance: 6m) and deactivating once it stops capturing the heat source. It has an adjustable ON-time (with a minimum of 10 seconds and a maximum of 5 minutes) and it's sensitive to day and night (ambient light).**

**For optimal operation it is necessary that this device is well located**, without any objects or material that is obstructing, preventing or hindering the detector.

\*Do not install inside closed luminaires.

\*Maximum charge: 60W.
