

Models

Colour Temperature	Ref:
 Warm White 3000K	3468-7642
 Daylight 4000K	3468-7643
 Cool White 5000K	3468-7644

Technical Details

Power	30 W
Tension	220-240V AC
Rated Voltage	100-240V AC
Frequency	50-60 Hz
Electric Insulation Class	II
Adjustable	No
Lane type	Single-Circuit
Light Source	COB
Color Rendering Index (CRI)	80
Brightness	3000 lm
LED Performance	100 lm/W
Type of Lens	Transparent
Use	Indoor

IP Protection	IP20
Material	Pc, Aluminum
Installation	Track
High	225 mm
Wide	185 mm
Lenght	100 mm
Diameter	100 mm
Room Temperature Work	-20 °C~+40 °C
Useful life	40,000 Hours
Selectable Opening Angle	36
Light color	Cool White, Daylight, Warm White
Color Temperature	5000K, 4000K, 3000K
Energy Efficiency 2023 (EU-2019/2015)	F

Description

This White 30W Dora LED Spotlight for a Single-Circuit Track provides versatile lighting that's perfect for areas which are constantly undergoing change, in which it's necessary that decorative elements and displayed products be highlighted.

Characteristics of this White 30W Dora LED Spotlight for a Single-Circuit Track

Featuring a COB light source with an 100lm/W efficiency, **it provides a high quality light that represents colours as they appear naturally**. This type of lighting is the perfect complement for general lighting in any setting.

It's made from high quality materials like aluminium and features high performance components like a Lifud driver. It has a long 30,000 hour working life, which is 10 times longer than a conventional spotlight.

Its installation on a track is very simple and allows us to slide the luminaire across the length of the track. This provides us with a very multifunctional lighting system which can adapt to any situation.

Applications for this White 30W Dora LED Spotlight for a Single-Circuit Track

It's most frequently used in the retail sector, in areas such as shops, showrooms, commercial galleries, hotels, etc. These are places which require versatile accent lighting which can adapt to the presentation of displayed products.

In areas where activities are carried out during many hours of the day, LED lighting provides considerable energy savings in regards to energy consumption and minimal maintenance costs.

Get this White 30W Dora LED Spotlight for a Single-Circuit Track here, available in Cool white, Daylight and Warm white.

*Not Dimmable
