Description

The RJ45 Internet+HDMI Socket Modern consists of an HDMI socket and an RJ45 socket. The module is the standard size and is compatible with most flush and surface mounting boxes. With the glass frame which is available in the accessories section, it will provide the professional finish to the installation.

It is normally installed recessed and is recommended for indoor use only. It is CE and RoHS certified. Manufactured in polycarbonate, the HDMI + Internet Socket Module is highly resistant and durable. It complements the electrical installation of any space with the different sockets and inputs from our extensive catalogue.

*RJ45 CAT 5e
