Technical Details

Maximum Power:	1000 W	Height:	50 mm
Voltage:	220-240V AC	Width:	50 mm
Frequency:	50-60 Hz	Working Temperature:	-20°C ~ +40°C
Use:	Indoor	Connectivity:	Wi-Fi
IP Protection:	IP20	APP:	Tuya Smart
Material:	PC, Glass	Compatibility:	Amazon Alexa
Installation:	Recessed	Warranty:	3 Years
Size:	50x50 mm	Certifications:	CE & RoHS, UKCA

Description

The Modern Simple Touch Switch with WiFi Control is the ideal solution to automate, streamline and control the lights or electrical receivers in your home, as it allows to remotely switch the lights on and off via the electrical devices connected to it. In addition, it allows you to easily program settings or sequences according to the needs of the user. Fully compatible with **Amazon Alexa and Google Home**.

In addition, it is a capacitive switch that will be activated with the touch of your finger without the need to exert any pressure. As it is a simple switch, it allows you to control a luminaire or receiver individually.

The device is controlled by the **TUYA** application. The APP is available for **iOS and Android operating systems**, which can be downloaded from the App Store and Google Play.
