Technical Details

Power:	8 W	Use:	Outdoor
Voltage:	220-240V AC	IP Protection:	IP65
Frequency:	50-60 Hz	Material:	Aluminium
Intensity Level:	0.06 A	Installation:	Recessed
Protection Class:	II	Size:	45xØ100 mm
Light Colour:	Daylight, Cool White, Warm White	Cut-Out	Ø75 mm
CRI:	80	Height:	45 mm
Lumens:	640 lm	Diameter:	Ø100 mm
Luminous Efficiency:	90 lm/W	Frame:	White
Energy Efficiency 2021 (UE-1369/2017):	A	Working Temperature:	-20°C ~ +45°C
Energy Efficiency 2023 (UE-2019/2015):	F	Life Span:	40,000 Hours
Beam Angle:	60°	Warranty:	3 Years
Lens Type:	Frost	Certifications:	CE & RoHS, TÜV

Description

This Round Waterproof 8W LED Downlight has IP65 Protection which allows us to use it both indoors, outdoors and even in areas close to water fountains without a problem.

The 640 lumens this Round Waterproof 8W LED Downlight provides are equivalent to that of a conventional 50W floodlight. **The light it emits is of the highest quality and is distributed over a 60° angle.** It works directly at 220-240V AC and doesn't require an earth wire.

It's especially designed to be used in all sorts of settings. This Round Waterproof 8W LED Downlight is perfectly protected against dust and water and is made from aluminium. **It has a working life of 30,000 hours and is a highly resistant and long-lasting LED light.**

Here at LEDKIA we offer you a huge variety of LED downlights, all at the best price and with a 5 year warranty.
