Description

This White 18W Iris LED Light is a highly decorative and versatile element that will adapt to any style. **This light incorporates LEDs that consume 18W.**

The high quality aluminium finish and an IP20 Protection factor make this an exclusively indoor element. Therefore, we can install this White 18W Iris LED Light in a large variety of spaces such as living rooms, dining rooms or bedrooms. **It can be installed onto any surface by screwing it into the wall.**

Providing a modern touch to lighting has never been easier, thanks to this range of Surface lights and wall lights available here at LEDKIA.
