

## Models

Colour

☐ Grey

Ref:

36538-76498

## Technical Details

<b>Protection Class:</b>	II
<b>Use:</b>	Indoor, Outdoor
<b>IP Protection:</b>	IP54
<b>IK Protection:</b>	IK08
<b>Material:</b>	Technopolymer
<b>Installation:</b>	Surface

<b>Total Weight:</b>	0.992 kg
<b>Working Temperature:</b>	-20°C ~ +45°C
<b>Warranty:</b>	3 Years
<b>Certifications:</b>	CE & RoHS, UKCA
<b>Brand:</b>	Scame

## Description

**Manufactured by the prestigious brand Scame, world leader in the production of industrial electrical equipment, this switchboard allows us to control, command, protection, management, and distribution of those lines, loads or circuits that are connected to it.**

This product is commonly used in the secondary or manufacturing sector and is **specially designed to be surface mounted. It has capacity for 6 DIN modules, as well as 4 type F sockets (Schuko plug) 16 A.**

This device complies with the International Electrotechnical standards CEI-23-48-49, in addition, has **an IP protection factor against dust and water of the order of IP54 assuring optimal performance.**

**The most frequent applications** and use for these type of products (plugs, sockets, bases, frames, etc.) extend to industrial environments such as **chemical industries, agriculture, construction, shipyards, sports facilities, public events, the food industry, airports, port areas and water treatment, etc.** In all these environments it is necessary to use **products with great durability, reliability, ease of wiring, high degree of IP and IK protection and optimum resistance to atmospheric agents and chemicals.**

**In general they guarantee safe and optimal use in the most adverse conditions.**

It complements the electrical installation of any space. Take a look at our wide range of different sockets, consumer units, adapters and electrical material available at LEDKIA.
