## ***Ambience***

## ***Description***

**The Chaplin LED Step Light is the perfect element for path illumination and courtesy lighting.**

**It is made of high quality stainless steel and has a modern and durable design** that can be used both indoors and outdoors thanks to its **IP65 protection factor**. It features a 2W LED light source, which offers a uniform white light that is well distributed, soft and does not bother the eyes. The driver is integrated into the step light.

It is used in various areas with particular attention to public spaces with limited lighting such as stairs, corridors, elevator entrances, car parks, hotels, gardens, squares, etc..

Enjoy high quality outdoor LED lighting available at **LEDKIA**, our online lighting shops. Always at the best price.
