Technical Details

Tension	220-240V AC
Rated Voltage	85-265V AC
Frequency	50-60 Hz
Casquillo	T8
Light Source	SMD3014
Light color	Cool White
Color Temperature	6000K - 6500K
Color Rendering Index (CRI)	80
Brightness	1400 lm
Energy Efficiency 2023 (EU-2019/2015)	F
Use	Indoor

IP Protection	IP44
Material	Aluminum, Pc
Lenght	900 mm
Diameter	26 mm
Detector	PIR
Detection Angle	180 °
Room Temperature Work	-20 °C~+45 °C
Useful life	50,000 Hours
Selectable Opening Angle	160
Tube Length	90 cm

Description

This 14W T8 LED Tube has PIR Motion Detection, emits a brightness of 1400 lumens, has a 30,000 hour lifespan, comes in a translucent cover and emits a cool white light.

The detector senses invisible infrared emissions coming from either people or heat sources without emitting any radiation, activating only when a heat source moves in front of the switch and then, after 30 or 40 seconds, reducing brightness by 20% once the heat source is no longer in range.

For the tubes to function correctly, we recommend that they be installed in **open luminaires**.

*Led Starter not included.
