

Models

Colour Temperature	Ref:
 Warm White 2700K	1102-1985
 Cool White 6000K	1102-1986

Technical Details

Power	25 W	Use	Outdoor
Tension	220-240V AC	IP Protection	IP64
Rated Voltage	100-277V AC	Dimensions	190 Milímetrox Ø70 Milímetro
Frequency	50-60 Hz	High	190 mm
Adjustable	No	Diameter	70 mm
Casquillo	E27	Useful life	50,000 Hours
Light Source	EPISTAR SMD2835	Light color	Cool White, Warm White
Color Rendering Index (CRI)	80	Color Temperature	6000K, 2700K
Brightness	2750 lm	Energy Efficiency 2023 (EU-2019/2015)	F
Luminous Efficiency	110 lm/W		

Description

This E27 25W LED Corn Lamp for Public Lighting combines power, robustness and high energy efficiency, with the characteristical corn-shaped design commonly found in these bulbs.

With an Epistar-SMD2835 light source, **it's capable of providing a 2,750 lumen brightness**. The light is distributed over a 360° beam angle, which is perfect for general lighting in indoor spaces.

Made of highly resistant ABS, this E27 25W LED Corn Lamp for Public Lighting **has an IK06 Protection factor and a 30,000 hour working life**. It's commonly used in large indoor spaces such as warehouses, workshops, factories or supermarkets, where we'll need high power and high quality lighting.

Discover the advantages of LED lighting with this E27 25W LED Corn Lamp for Public Lighting, available here at LEDKIA, our online shop.

Install in open luminaires.

*If these bulbs are installed inside a closed fitting with no air flow, they will not be covered under warranty.
