Ambience

Description

LED Flexo with 8W of power and futuristic design with a technological appearance, it has regulation to adjust the brightness and colour temperature to the desired value.

The mast of this flexo is articulated and flexible, allowing it to adapt in the best possible way to the conditions of use as well as varying the opening angle of the luminaire, in addition, it has a magnifying glass to facilitate reading tasks.

The Sepi LED Flexo can be used in a multitude of spaces such as bedrooms, living rooms, offices, etc.

Giving a modern touch to your lighting has never been as easy as it is now, thanks to the range of LED table lamps that we offer at Ledkia.
