Description

This Portable Task Lamp has a 10m cable and is compatible with E27 Bulbs, the maximum wattage being 8W LED and 60W Incandescent. This product is very useful for lighting at a distance and is recommended for workshops, building sites, etc., thanks to a pivoting hook, a reflective metal sheet, a metallic housing and a switch on the handle.

This product is ISO 9001 compliant and has CE and RoHS certifications.

* This product includes a UK adaptor.
