Description

This Round 3W UltraSilm LED Panel has a thin design with a great finish and has a highly reduced consumption.

Its SMD2835 light **provides a brightness that's equivalent to a 20W halogen luminaire**. This efficiency provides us with considerable energy savings. Also, it has a long 30,000-hour working life and doesn't require any maintenance. It has a 120° opening angle that's perfect for well-spread and efficient lighting.

Applications for this Round 3W UltraSlim LED Panel

Given the features of the LED Panel, **this is an ideal LED lighting element for hallways, entrances, stairways** and for spaces in which we require high quality ambient lighting.

Enjoy this Round 3W UltraDlim .LED Panel, available here with a 2 year warranty at LEDKIA, our online lighting shop.
