IP Protection	IP65		

Description

This White 10W Slim LED Floodlight stands out for its compact design and minimalist finish.

Characteristics of this White 10W UltraSlim LED Floodlight

Perfect for replacing a 100W halogen bulb and saving in energy consumption. It's therefore **an ideal unit for being installed in outdoor areas**.

It has a **special glass prismatic diffuser that noticeably reduces annoyances caused by glare, providing a UGR<19 glare factor, making this floodlight perfect for all sorts of areas. Also, as it has an IP65 Protection factor, and also an aluminium housing, it's ideal for outdoor areas**, be it on balconies, terraces or wherever we need quality lighting with minimal consumption. Also, the support allows us to adjust the floodlight into the required position.

You'll find this White 10W Slim LED Floodlight here on our online lighting shop. It's available in 3 colour temperatures so that you can choose the one that best suits your needs.

*This prouduct comes with a pre-wired cable that's approximately 300mm.
