## Description

**The Modern RJ45 Socket Internet Module +TV consists of a TV end socket and a RJ45 socket.** The module is the standard size and is compatible with most flush and surface mounting boxes. With the glass frame available in the accessories section, it will provide a professional finish to the installation.

It is normally installed flush and is recommended for indoor use only. It is CE and RoHS certified. Made of polycarbonate, the Internet+TV socket module is **highly resistant and durable**. It complements the electrical installation of any space with the different sockets and inputs from our extensive catalogue.

\*RJ45 CAT 5e
