Power (W)

☐ 10 W

Ref:

77394-156369

Technical Details

Power:	10 W
Power Factor:	0.90
Voltage:	220-240V AC
Multi-Voltage:	100-240V AC
Frequency:	50-60 Hz
Protection Class:	I
Screw:	T8
Number of LEDs:	50
Colour Temp:	FULL SPECTRUM
Grow Luminosity (PPF):	54u mol/s
Beam Angle:	120°
Use:	Indoor, Outdoor
IP Protection:	IP65

IK Protection:	IK08
Material:	PC, Aluminium
Colour Code:	RAL 9006
Installation:	Surface
Size:	33x48x600 mm
Height:	33 mm
Width:	48 mm
Length:	600 mm
Air Temp. For Operation:	0°C / +40°C
Includes:	Driver
Life Span:	50,000 Hours
Warranty:	5 Years
Certifications:	CE & RoHS, UL

Description

The 60cm 10W T8 Batten LED Grow Tube is perfect for growth and flowering crops. It is IP65 rated to ensure correct performance in damp environments and hydroponic growing environments.

Plant growth and development are significantly influenced by the quantity and quality of the light, so this luminaire is specifically designed to provide beneficial photo-morphogenic responses, under stress and increased THC content. It uses a full spectrum that promotes photosynthesis at all stages, from propagation to flowering. Its installation is very simple, it includes two clips to install it on the surface.

Manufactured from high quality Aluminium and PC, ensuring that it is a quality, durable and corrosion resistant product. In addition, it has a very long life span of 50,000 hours.

By using this luminaire, producers can considerably improve the quality of their plants by obtaining a vigorous flowering, and also reduce the high energy consumption of conventional grow bulbs.

* Minimum purchase is 3 units.
