Description

The 5W E27 G45 510 lm LED Bulb allows you to update your home lighting quickly and easily.

Its 510 lumens are enough to replace a traditional bulb of up to 35W. This **means a saving of more than 85% in electricity consumption.**

The light it emits is of high quality as evidenced by its colour rendering index of over 80. The 5W E27 G45 Standard LED Bulb that we present you in our online LED lighting shop **is completely environmentally friendly and complies with RoHS regulations, as it does not contain lead or mercury.**

* For mounting in enclosed luminaires, the recommended maximum burning time is half of the maximum time specified in the general conditions.
