## *Ambience*

## **Description**

This sphere-shaped decorative accessory with RGBW LED lights has a pleasant and simple design, making it the ideal ornament if you're looking for originality both indoors and outdoors. This is because it's made from polyethylene, a highly resistant material that protects from extreme weather conditions and UV rays. It also has an IP65 level of protection. Included is an **IR remote control** to manipulate the RGBW lights and also a **rechargeable battery** that allows you to use this item in remote areas, far from any source of light.

It has many decorative possibilities, be it on its own or combined with other furniture. Recommended for decorating homes, gardens, chill out areas, etc...

Working time: 10 hours (approximately).

Charging time: 5-6 hours (approximately).

\*This product includes a UK adaptor.
