## Description

This Tripod for LED Floodlights allows us to have a temporary and portable light source that's completely adjustable to one's needs. It's easy to set up and fold away, it has protective rubbers on each 'foot' and threaded fasteners for adjusting height and position in a safe, quick and easy way.

Made from aluminium, it takes up no space, it's light and resistant and it has a max height of 1.53m and a minimum height of 93.5cm.
