Description

The ARTEMIDE Dioscuri Ø14cm Table Lamp combines a unique and elegant design with top quality finishes. This type of design lamps allow us to give that elegant touch that will bring personality to any space making it unique.

It is manufactured by the prestigious Italian brand ARTEMIDE, founded in 1960 and currently the world's leading company in the high-end residential and professional lighting sector. **ARTEMIDE lamps** are internationally regarded as icons of contemporary design.

Characteristics of the ARTEMIDE Dioscuri Ø14cm Table Lamp

The ARTEMIDE Dioscuri Ø14cm Table Lamp has a simple design which gives a modern touch to the room. The blown and acid-etched glass of the Dioscuri Table Lamp makes it a light source that generates a very atmospheric accent lighting. This is due, on the one hand, to the material itself which perfectly attenuates the light from the bulb and, on the other hand, to the shape of the body which allows the light to be optimally projected to all sides.

It is widely used in environments as varied as dining rooms, bedrooms, kitchens, living rooms, restaurants, cafés, etc.
