Description

The 3W Koine Metal LED Wall Lamp with Switch is a highly functional element with a modern and discreet design that makes it an ideal lamp for an infinite number of rooms.

Features of the 3W Koine Metal LED Wall Lamp with Switch

The 3W Koine Metal LED Wall Lamp with Switch has a modern design with a nickel-coloured finish, is made of high quality steel and integrates a high quality LED light. It is ideal for bedside lighting or reading light in bedrooms and hotels. In addition, it includes a discreet switch that allows you to control the light without the need to install a wall switch.
