Ambience

Description

The 4W E27 ST64 200 lm Dimmable Spiral Gold Filament LED Bulb is a very decorative lighting element.

With the 200 lumens it provides, its function lies in ambient and decorative lighting. **It is usually used in lamps where the bulbs remain exposed**, so this type of luminaire is common in living rooms and more commercial spaces, such as restaurants or hotels. We can find the 4W E27 ST64 200 lm Dimmable Spiral Gold Filament LED Bulb in places where the aesthetics and the atmosphere achieved with the lighting are as important as the quality of the lighting.

It stands out for its wide opening angle of 360°, its long life of up to 30,000 hours and the ability to adjust the amount of light emitted at any time, provided that a Triac controller is installed. In addition, it is a totally environmentally friendly product that is CE and RoHS certified.

The 4W E27 ST64 200 lm Dimmable Spiral Gold Filament LED Bulb allows us to light and decorate without having to worry about energy consumption.
