Characteristics of the Kirito Braided Paper Pendant Lamp

The Kirito Pendant Lamp brings a unique style to any space. The light emitted by this lamp **depends on the E27 LED bulb used**. This way you can choose a warm, cool or neutral light depending on the atmosphere you want to create. Another interesting option is to choose an RGB or CCT bulb that will add versatility when it comes to lighting your space, whether at home or in your business. **It is widely used in environments such as dining rooms, bedrooms, kitchens, offices, living rooms, restaurants, cafes, etc.**

* As it is a natural material and a handmade product, the finish may differ slightly from one unit to another.

* Suspension cable length is adjustable.

Requires 1 x E27 bulb NOT INCLUDED with the product.
