RGB	47536-95767

Technical Details

Power:	4 W	IP Protection:	IP65
Voltage:	220-240V AC	Material:	PE
Dimmable:	Remote Control	Size:	Ø35x32 cm
Light Source:	SMD3014	Number of Batteries:	1
Number of LEDs:	24	Battery Capacity:	2200 mAh
Light Colour:	RGBW	Includes:	IR Remote Control
Energy Efficiency 2021 (UE-1369/2017):	A+	Warranty:	3 Years
Use:	Outdoor	Certifications:	CE & RoHS, UKCA

Ambience

Description

This Ice bucket/ Plant Pot with RGBW LED lights has a pleasant and simple design, making it the ideal ornament if you're looking for originality both indoors and outdoors. This is because it's made from polyethylene, a highly resistant material that protects from extreme weather conditions and UV rays. It also has an IP65 level of protection. Included is an **IR remote control** (Infrared) to manipulate the RGBW lights and also a **rechargeable battery** that allows you to use this product in remote areas, far from any source of light.

It has many decorative possibilities, be it on its own or combined with other furniture. Recommended for decorating homes, gardens, chill out areas, etc.

Working time: 10 hours (approximately).

Charging time: 5-6 hours (approximately).

*This product includes a UK adaptor.
