Colour Temperature	Ref:
 Warm White 3000K	474-1077
 Daylight 4000K	474-1078

## Technical Details

<b>Power</b>	1.5 W	<b>Colour</b>	Black
<b>Tension</b>	220-240V AC	<b>Installation</b>	Recessed
<b>Frequency</b>	50-60 Hz	<b>High</b>	94 mm
<b>Electric Insulation Class</b>	II	<b>Wide</b>	94 mm
<b>Adjustable</b>	No	<b>Lenght</b>	50 mm
<b>Light points</b>	1	<b>Detector</b>	PIR
<b>Light Source</b>	COB	<b>Detection Angle</b>	120 °
<b>LED number</b>	1	<b>Useful life</b>	40,000 Hours
<b>Brightness</b>	165 lm	<b>Space</b>	Stairs, Hall
<b>Luminous Efficiency</b>	110 lm/W	<b>Light color</b>	Daylight, Warm White
<b>Use</b>	Indoor	<b>Color Temperature</b>	4000K, 3000K
<b>IP Protection</b>	IP20	<b>Energy Efficiency 2023 (EU-2019/2015)</b>	F
<b>Material</b>	ABS

## ***Description***

This LED beacon with a PIR sensor is made from high quality ABS material, making it flame resistant and giving it an elegant and modern design. Made with a 1.5W COB LED, it emits 165 lumens and a soft, uniform and well-distributed white light that doesn't bother the eyes. The driver is included inside. The beacon remains off until the infrared sensor detects movement within its range (1-1.5 meters and a 120° angle), 60 seconds after the first movement was detected, the device switches off. This allows the bulb a longer lifespan and provides a great way to save energy. Its many different uses include: stairwells, hallways, lift entrances, car parks, hotels, etc...
