Technical Details

Material:	PVC
Warranty:	2 Years

Certifications:	CE & RoHS, UKCA

Description

Male RJ45 Connectors are used for data cables or Category 6 network cables. Their PVC finish, **shielded metal cover** and 8 pins will allow you to clip or wrinkle the ends of braided cables easily and quickly.

Don't hesitate in visiting **LEDKIA** and join cables from your network, security cameras, scanners, etc., with the **Shielded RJ45** Connector.

Sold in units and as always, at the best price.
