Room Temperature Work	0°C - 0°C
Style	Industrial
Space	Kitchen, Office, Bedroom, Living room
Diámetro del Florón	80 mm
Colour	Silver
Revisión Control de Calidad	No

Ambience

Description

This Emery Adjustable Aluminium 2 Spotlight Ceiling Lamp in Silver is especially designed for indoor lighting.

With an elegant design, it can be used in both commercial spaces, like shop windows and on shelves, and also in homes, like in living rooms, bedrooms and so on. As they're made from aluminium, these Adjustable Emer Spotlights stand out thanks to the quality of their finish.

This is a very versatile type of LED lighting as it can be pointed in any direction thanks to its rotation axis. Also, we can completely customize the type of light in function with the bulbs we install within the lamps. This allows us to adapt the brightness of the light to the needs of each area.

Requires 2x E14 Bulbs that ARE NOT INCLUDED with the product.
