## Ambience

## Measures

## *Description*

**The Rubik pendant lamp is the perfect item to add a touch of colour to any space.**

Made of silicone and PVC, the Rubik lamp has a simple and fun design available in a wide variety of colours. **We can choose a colour that matches the rest of the decoration, look for contrast or create a composition combining different colours and lengths**, achieving a modern and carefree decoration to our taste.

The brightness of the Rubik pendant lamp depends on the E27 LED bulb we place in it. This opens up a wide variety of possibilities since, for example, we can use filament lamps, giving it a more retro look, or use a more modern-looking bulb. **The important thing is to choose the bulb that illuminates the space properly, taking into account the lighting needs of the space.**

**\* Height adjustable cable**

**Black: RAL 9004**
**Yellow: RAL 1018**
**Turquoise: RAL 5018**

**Requires 1 E27 bulb NOT INCLUDED with the product.**
