Description

This Grey 1.5W Clover LED Light (IP65) is a signal light with an elegant and modern design that will provide outdoor spaces with a minimalist touch. **The light emitted by this outdoor step light is provided by 1.5W SMD LEDs.** The power of this step light is provided by a connection straight to the mains, as it works at 220V.

Its high quality PC finish and an IP65 Protection factor make this light highly resistant to dust and water. Therefore, it can be installed in a large variety of spaces such as balconies, facades, gardens or outdoor areas. It can be attached to any surface by just screwing it into any wall. As a way of maintaining IP65 Protection, the client must make sure to keep these components correctly protected.

Thanks to a wide variety of lights, you can find everything you need here on our online lighting shop and make the most of your outdoor spaces.

* Product colour is RAL 7024
