Technical Details

Power:	12 W	Beam Angle:	180°
Voltage:	220-240V AC	Lens Type:	Frost
Multi-Voltage:	85-265V AC	Use:	Indoor
Frequency:	50-60 Hz	IP Protection:	IP20
Screw:	E27	Material:	PC
Light Source:	SMD2835	Size:	109xØ60 mm
Light Colour:	Cool White, Warm White, Daylight	Height:	109 mm
CRI:	80	Diameter:	Ø60 mm
Lumens:	1130 lm	Working Temperature:	-20°C ~ +40°C
Luminous Efficiency:	94 lm/W	Life Span:	40,000 Hours
Energy Efficiency 2021 (UE-1369/2017):	A+	Warranty:	3 Years
Energy Efficiency 2023 (UE-2019/2015):	F	Certifications:	CE & RoHS, UKCA

Description

This 12W E27 A60 1130 lm LED Bulb is the ideal candidate for replacing incandescent bulbs of up to 100W.

Its Epistar-SMD2835 light source emits a 1,130 lumen brightness and **the light it emits is very of a high quality, as is reflected in its CRI=80**, and is distributed over a 180° beam angle. Its translucent polycarbonate cover is highly resistant and eliminates glare. This 12W E27 A60 1130 lm LED Bulb has a 30,000 hour working life.

The main advantages with LED lighting, apart from the savings, is that **it doesn't contain any highly contaminating materials**, such as mercury. Its durability minimizes maintenance and replacement costs, which in turn reduces waste production.

*For installation in closed luminaries, the maximum recommended time the bulb should be left ON is half of the maximum specified in the general conditions.
