Ambience

Description

5 W LED flexo lamp with a futuristic design and a technological look, it has a dimmer to adjust the brightness to the desired value and a wireless charger so that you don't run out of battery.

The mast of this flexo is articulated and flexible, allowing it to adapt in the best possible way to the conditions of use as well as varying the opening angle of the luminaire.

The Cia LED Flexo can be used in a multitude of spaces such as bedrooms, living rooms, offices, etc.

Giving a modern touch to your lighting has never been as easy as it is now, thanks to the range of LED table lamps that we offer at Ledkia.

*Compatible with new models of Iphone (8 and above), Samsung (S7 and above), LG (G6, G7, V30, V35), Sony Xperia XZ2, Moto Z and those models that have the QI function (charging via Wireless).
