Technical Details

Maximum Power:	600 W		**Detection Distance:**	6 m
Voltage:	220-240V AC		**Working Temperature:**	-20°C ~ +50°C
Multi-Voltage:	100-240V AC		**Includes:**	Remote Control
Frequency:	50-60 Hz		**Warranty:**	3 Years
Use:	Indoor		**Certifications:**	CE & RoHS, UKCA
IP Protection:	IP40			

Description

This controller is designed for 220V AC RGB LED Strips and includes an RF remote control (Radio Frequency) with 28 buttons and a 6 metre range, which allows you to remotely manage RGB channels efficiently, thanks to its 4A per channel output. Using this controller, you can select the desired colour and effect while at the same time adjust the brightness and speed between transitions. **Suitable for LED Strips of up to 40 metres and / or 600W**.

Effect Options:

-Execute all effects automatically.

-Leave any of the 7 colours ON without changing.

-Change between 3 colours.

-Change between 7 colours.

-Fading in and out of 3 colours.

-Fading in and out of 7 colours.

-Adjustable speed between changes and fading.
