<b>Material:</b>	Wire
<b>Size:</b>	5.000 mm / 10.000 m
<b>Length:</b>	5.000 / 10.000 mm

<b>Battery operated:</b>	Yes
<b>Battery:</b>	AA - LR6
<b>Number of Batteries:</b>	3
<b>Doesn't include:</b>	Batteries
<b>Warranty:</b>	3 Years
<b>Certifications:</b>	CE & RoHS, UKCA

## ***Ambience***

## **Description**

**The Gold Wire LED Fairy Lights with Battery 5m/10m** allows us to decorate any space or event, emitting a soft and warm light creating a cosy atmosphere where we can feel comfortable and relaxed. In addition, it does not need to be plugged into a mains socket as it only needs batteries to operate.

It is powered by **three AA batteries** and is ready to illuminate any corner. Thanks to the very low voltage and current needed to illuminate its LEDs, we prevent the product from overheating and avoid harming people when they come into contact with the garland.

With the **wide range of garlands** in our online lighting shop **Ledkia**, the possibilities of decorating with light are almost unlimited.

\* The light is steady, it does NOT flicker.

\* The product requires three AA batteries (not included).
