Characteristics of the ARTEMIDE Gople Mini Table Lamp

**The ARTEMIDE Gople Mini Table Lamp** features an exquisite design, which enhances every area of the room with attractive accent lighting.

**The glass shade of the Gople Mini was handmade** using ancient Venetian techniques. **By blowing the glass, it gradually turns into crystal glass, making each luminaire unique.** The coloured surface finish is created by an innovative metal vacuum separation process. The shade colour provides a unique lighting experience.

This lamp is widely used in environments as varied as dining rooms, bedrooms, kitchens, offices, living rooms, restaurants, cafés, etc.
