Ambience

Description

The 8W Liberty LED Flexo Light has a futuristic design with a technological aspect, featuring 3x adjustable brightness modes and a wireless charger so that you'll never run out of battery.

The flexible neck on this lamp allows us to adapt it in the best possible way to the area in which it's installed, and also change the opening angle of the light.

We can use this 8W Liberty LED Flexo Light in a multitude of spaces such as bedrooms, living rooms, offices, etc.

Providing a modern touch to lighting has never been so easy, thanks to the range of LED Flexo lights available at LEDKIA.

*Compatible with new phone, including the iPhone (8 & above), Samsung (S7 & above), LG (G6, G7, V30, V35), Sony Xperia XZ2, Moto Z and any models with a QI function (Wireless charging).
