Description

This White Miseno Up-Down Wall Light ILUZZIA allows us to light any space in a decorative manner.

The light emitted by this outdoor LED light is completely customizable, as we can use any GU10 Bulb of our choosing. The only limit would be the height, which cannot surpass 62mm. **The way the spotlights are displayed is very striking, as they light in opposite directions.**

This White Miseno Wall Light ILUZZIA has IP54 Protection. **It's resistant to dust and splashes and has been made using high quality items like aluminium.** Therefore, this light is perfect for installing in any area looking for decorative and modern light.

Enjoy this White Miseno Wall Light at the best price and with a 5 year warranty, available here at LEDKIA, our online lighting shop.

This light uses 2x GU10 Bulbs that ARE NOT INCLUDED.
