## Description

**The Molecular Pendant Lamp is the perfect complement for the decoration of your home or establishment. Join** the revolution of lighting with class, distinction and glamour!

It is a **modern, functional and very aesthetic piece**, which will become a very striking decorative detail. Its body, **made of iron alloy with black coating**, has four arms that allow you to create a different and more personalised lighting. It comes with a **matt black trim and a matching textile cable**, adjustable in height up to 150 cm. It brings avant-garde and exclusivity to your spaces with its abstract shapes, reminiscent of the silhouette of a molecule. **It is suitable for E27 bulbs, capable of supporting a maximum power of 40W**. Its use is exclusive for interiors, being ideal for living rooms, dining rooms, offices and bedrooms, among others. Choose stylish filament bulbs and show them off.

At LEDKIA, we want to show that design is not incompatible with functionality or good taste. **That's why we present you the Molecular Pendant Lamp, a real delight for design lovers.**
