## Description

The Creative-Cables PDM\_ Bell M LED Pendant Lamp is designed by the brand Creative-Cables, an Italian company that since 2014 is dedicated to design lamps with its own style and highly customizable.

### Characteristics of the Creative-Cables PDM\_ Bell M LED Pendant Lamp

The Creative-Cables Model PDM\_ Campana M is designed in Italy and manufactured in Spain. It is a design composed of a ceramic shade hanging from a textile cable. With this refined and original design it is perfect to illuminate tables, dining rooms and kitchen counters.

The luminosity of the lamp depends on the bulb we install. This opens up a wide variety of possibilities as we can use bulbs of the colour temperature that best suits our rooms. **The important thing is to choose the bulb that illuminates the space adequately, taking into account the lighting needs of the space.**
