## Description

This aluminium Street Lighting Support is designed to be installed on a post or street lamp post. **The side with the larger diameter can be fit to a column that's Ø70 mm, maximum.** The side with the lower diameter has 3x screw for adjusting the Luminaires into a 0° or 90° angle.

**To install Public Lighting Luminaires from our online lighting shop, remove the screws in the arm, insert the luminaire and fix it into place using the screw included with the Luminaire itself.**
