Technical Details

o Ledkía.

Voltage:	220-240V AC	IP Protection:	IP54
Multi-Voltage:	100-240V AC	Installation:	Surface
Frequency:	50-60 Hz	Working Temperature:	-10°C ~ +40°C
Intensity Level:	10A	Warranty:	3 Years
Use:	Outdoor	Certifications:	CE & RoHS, UKCA

Description

This switch is an ideal solution for swapping switches in your home, guaranteeing IP54 Protection against water contact.

They're highly resistant and durable. Also, they're made from a thermoplastic that's free of halogens and does not propagate flames. These switches can be installed onto any surface.
