Technical Details

Frequency	50-60 Hz
Current Intensity	2.08 A
Electric Insulation Class	I
Use	Outdoor
IP Protection	IP67

Material	Aluminum
High	25 mm
Wide	35 mm
Lenght	210 mm

Description

This **AC to DC transformer with IP67** Protection provides a 24V DC output at 2A.

* It's capable of withstanding 50W peaks and is suitable for permanent charges of up to 40W.
