Size:	Ø74 mm // 100-120-150 mm		**Certifications:**	CE & RoHS, UKCA

Ambience

Description

This pack is made up of **3 x wax LED candles that are 100% organic, ivory coloured and provide amber light.**

With an attractive design and decorative lighting, these LED candles allow us to create special environments anywhere. This pack of three LED candles **includes a remote control with up to a 5m range**, which allows us to switch between different lighting effects (each candle can be controlled separately).

Remote Control Instructions:

- Press ON or OFF to activate or deactivate the candles.
- Mode: Press 'Candle' to active the 'flicker' light mode or 'Light' to activate the 'fixed' light mode.
- Timer: When the candle is turned ON, press '4H' or '8H' to activate the 'timer'. Now, the candle will remain ON until either 4 or 8 hours have passed, and then turns OFF.
- Dimmer: Press one of the buttons to raise or lower the brightness.

* Includes two AA batteries for each candle and a 'coin' battery for the remote control.

Ledkia.
