Technical Details

Maximum Power:	120 W
Protection Class:	III
Size:	68x10 mm

Detection Distance:	20-30 cm
Warranty:	3 Years
Certifications:	CE & RoHS, UKCA

Description

This Sensor Switch connects a **Profile with an Aretha LED Strip** to a 24V DC Power Adaptor with a male Jack output. It connects to an Aretha Profile at one end and has a female Jack at the other.

Its function and installation are very easy, simply insert the corresponding end into the profile and to the power adaptor.

This Switch uses a sensor that activates when a hand is passed in front of it, turning ON and OFF with each pass.

*Cable length: 530mm
