Description

This Aluminium Spike is lightweight and has a high resistance to dust and humidity, along with a simply assembly. This support is ideal for travelling and can be used on any soft surface both comfortably and safely.

Perfect for using outside in places like worksites, gardens, fields, etc.

Recommended for the following LED Floodlights:

- ECO Series: 50W, 80W and 100W
- Frost Series: 50W and 100W
- Slim/UltraSlim Series: 50W
- Elegance Series: 50W
- PRO Series: 60W Slim PRO
- Motion Detection Series: 50W
