3496-7818

Technical Details

Warranty:

3 Years

Certifications:

CE & RoHS, UKCA

Description

This LED Starter is specially designed to replace the starters of conventional fluorescent tube luminaires when they are replaced by LED tubes.

Whenever replacing a fluorescent tube with an LED tube in a conventional ballast luminaire, the old ignitor should also be replaced with a new one equipped for LED technology.

Enjoying eco-friendly and quality lighting is easy with the incredible prices available at LEDKIA, our online LED shop.
