Characteristics of the Daily Wall Lamp

The **Daily Wall Lamp brings a unique style to any space**. The light emitted by this lamp depends on the E27 LED bulb used. This way you can choose a warm, cool or neutral light depending on the atmosphere you want to create. Another interesting option is to choose an RGB or CCT bulb that will add versatility when it comes to lighting your space, whether at home or in your business. It is widely used in environments such as dining rooms, bedrooms, kitchens, offices, living rooms, restaurants, cafes, etc.
