## Description

**The 40W New Turner LED Linear Bar is perfect to give a professional touch to your offices, work areas, home, shops...** giving an ideal lighting offering a uniform illumination and reducing visual disturbances. The light emitted by these linear bars is comparable to a 250W incandescent lamp.

Characteristics of the 40W New Turner LED Linear Bar (UGR19)

The New Turner 40W LED Linear Bar is ready to be installed in suspension because the product contains a height-adjustable steel cable. The great potential of this luminaire lies in the fact that **up to 10 New Turner bars can be connected in series or combined with the L, T and X joints to build the shape that best suits your project.**

Thanks to the New Turner LED Linear Bar, you can create your own personalised light structure, decorate and illuminate any room.
